

CAMERON SANITARY TRUNK SEWER & MARSHALL ROAD RECONSTRUCTION Abbotsford, BC

design, project management & road reconstruction

This project involved the design and project management for completion of the Cameron Sanitary Trunk Sewer and the reconstruction and widening of Marshall Road between Old Yale Road and Timberlane Drive. Extensive blasting for roadworks and excavation of trenches to a 9m depth was required.

The project included close liaison with structural and geotechnical engineers to stabilize a very steep cut bank generated by the new road construction.

CLIENT:
City of Abbotsford

TOTAL LENGTHS:
roadworks - 400m
sanitary sewer - 400m

CONSTRUCTION COSTS:
\$1,200,000

COMPLETION DATE:
June 2003
